# Review on the Co-operative Department's Report of 1347 Fasli.

Mr. Fazalulla held charge of the Department for nine months and spent 89 days on tour. During the remaining part of the year Mr. Ahmed Mohiuddin was in charge, as Mr. Fazalulla was appointed Officiating Secretary, Commerce and Industries.

The crops in many districts suffered owing to excessive and untimely rainfall. In spite of this disadvantage the movement continued to make fairly satisfactory progress. With the registration of 298 new societies and the cancellation of 44 old ones, their number stood at 3,373 as against 3,119 in the previous year, while their membership recorded a corresponding increase from 1,05,224 to 1,20,467. the working capital of the movement as a improved from Rs. 2,51,94,081 to Rs. 2,60,98,720, out of which the owned capital was Rs. 1,16,00,068. This shows that the societies were loyal to the fundamental co-operative principle of thrift. The paid-up share capital and the various reserves were larger than last year and stood at Rs. 58,72,517 and Rs. 52,45,762 respectively, their proportion to the working capital being 44.4 per cent.

The year was not without anxiety to credit societies and banks.

The Dominion Bank emerged financially strong with a paid-up share capital of Rs. 5,07,405 and reserves of Rs. 10,20,489. The aggregate owned capital of Rs. 15,27,894 compared well with its outside liabilities of only Rs. 26,92,049. There was an improvement in its business with central banks and societies, whom it advanced Rs. 3,71,224 in loans and from whom it recovered Rs. 5,03,006 leaving Rs. 18,46,399 outstanding at the end of the year as against Rs. 19,74,385 in

the previous year. It is hoped that with the implementing of the Government order which gives the central banks a preponderance of share-holding over the individual members, it would be possible for the former to guide the policy of the Bank to the lasting benefit of the credit movement in the State.

The central banks, the older among whom were still weighed down with the overdues of the earlier years, did not on the whole give proof of any appreciable improvement on the last year's position. There were slight increases in the working as well as the owned capital which stood at Rs. 64,35,935 and Rs. 23,89,389 respectively, the latter consisting of Rs. 11,36,613 shares and Rs. 12,52,776 reserves. Loans advanced to societies amounted to Rs. 9,23,280 and exceeded those of last year by about Rs. 21 lakhs, while recoveries from them in interest totalled Rs. 7,65,526 principal and 3,02,198 respectively leaving outstandings Rs. Rs. 46.44.183 in principal and Rs. 10,83,471 in interest. Although the arrears of interest were heavy, there was a margin of Rs. 25 lakhs between the aggregate liabilities and assets of the banks which was an adequate cover for bad and doubtful debts.

The agricultural credit societies increased in number from 2,546 to 2,693, and their membership rose from 52,241 to 56,561. The working capital went up to Rs. 83,44,735 and the owned capital to Rs. 40,38,085. The latter was made up of Rs. 16,52,168 shares, Rs. 2,19,548 members' deposits and Rs. 21,66,369 reserves. Government is glad to note that the owned capital of these societies is 48 per cent. of the working capital, and that every endeavour is being made to increase their owned resources by teaching the members the virtues of thrift and savings. For, it must be emphasised that the objective of a village credit society should be the attainment of financial self-sufficiency.

Both collections and advances were better than last year and amounted to Rs. 9,79,508 and Rs. 6,46,181 respectively. Outstandings with members at the end of the year were Rs. 56,96,746 principal and Rs. 24,94,527 interest. The proportion of the overdues of interest to the principal amount outstanding was high, but it is

partly explained by the fact that in the case of defaulters payments made by them were chiefly credited to their principal loan account leaving arrears of interest to be recovered later.

It is interesting to know that there is a growing demand for credit societies. Government approves of the Department's policy of guarded expansion, which is necessary in order to counteract the tendency in the rural money-lending class to unduly restrict credit as a result of the recent debt-relief legislation. It will watch with interest the working of rural banks registered with limited liability and the extent to which the well-to-do and monied members of the rural community co-operate in making a success of them. In view of the steady expansion which is taking place there is an admitted necessity for expansion of the inspecting and organizing staff and the proposals of the Registrar in this connection will receive due consideration.

It is gratifying that the non-agricultural societies maintained their pace of steady progress. Their number and membership rose from 505 to 612 and 34,103 to 43,800 while the working capital increased from Rs. 47,62,368 to Rs. 51,13,925 and the owned capital from Rs. 31,56,206 to Rs. 33,82,459. The salary-earners societies were conspicuous among them by their continuous growth, which had to its credit a membership of 17,030 and a working capital of Rs. 33,24,646 out of which as much as Rs. 25,66,016 or 77 per cent. was owned capital. They were followed in the order of merit by urban banks which numbered 109 and claimed 13,497 members with a working capital of Rs. 10,75,649. Rs. 4,32,303 or 44 per cent. of the total capital was owned by them.

Sale societies which remained eight in number with a membership of 766 and a working capital of Rs. 48,491 do not seem to have made progress compatibly with their importance in rural economy. The fact that Government attaches importance to the growth of co-operative marketing is evidenced by the sanction which was accorded to the appointment of a Co-operative Sales Officer after the close of the year. It is hoped that sale societies would be able to give a better account of their

working under his supervision, and would succeed in weaning the members of rural credit societies from their dependence on the village bania for the movement of their produce.

Among individual societies which deserve special mention are the Insurance Society and the Mallapally Housing Society. The former has made a promising beginning and commands a wide field for expanding its business. The Co-operative Union continued to discharge its useful work of education and supervision in rural areas.

The slow progress made in the execution of awards and the orders of liquidators has for some time been engaging the attention of the movement. The proposals made by the Registrar for expediting the progress are receiving the sympathetic consideration of Government.

It is satisfactory to note that the Department succeeded in doing full justice to its statutory duty of the audit of societies.

The Government have much pleasure in acknowledging the assistance rendered to the movement by the officials and non-officials mentioned by the Registrar in his report. On the whole the year has been one in which steady progress has been achieved which has left the movement in a stronger position than at the commencement. For this the thanks of Government are in particular due to Mr. Fazalulla, who has guided the movement throughout the year with marked zeal and energy.

Subject:—Annual Administration Report for the year 1346-47 F. on the working of Co-operative Societies in the Dominions.

Sir,

I have the honour to submit the 24th Annual Report on the working of Co-operative Societies for the year ending 31st Amerdad 1347 Fasli.

I was in charge of the Department up to the end of Khurdad 1347 F., when I was appointed Officiating Secretary, Commerce and Industries. Mr. Ahmed Mohiuddin, Marketing Officer, worked as Registrar in my place till the end of Amerdad 1347 F. Both of us did not take any leave during the year. I was on tour for 89 days.

At the kind invitation of the Home Minister, Gwalior I attended the Co-operative Conference, Gwalior State on the 15th and 16th January 1938 at Gwalior.

As usual, I had to stay at headquarters for the cooperative training of Revenue Officers for about five weeks from 8th Shahrewar 1346 F. to 12th Meher 1346 F. Among the Revenue Officers who were deputed for training, 2 were Second Talugdars and 12 Tahsildars. Inclusive of this batch 18 Second Taluqdars and 77 Tahsildars have so far received co-operative training. I am glad to report that this training has proved beneficial, and many of the officers have begun to appreciate the importance of the co-operative movement especially in regard to rural reconstruction with which they are closely connected.

# Gazetted Staff.

All the Assistant Registrars continued to hold charge of their respective divisions except Mr. Ghousuddin, H.C.S., who reverted to the Revenue Department on the 16th Shahrewar 1346 F. Mr. Mir Abid Ali Khan, H.C.S., Second Taluqdar, was posted in his place as Assistant Registrar, Medak on the 17th Shahrewar 1346 F. and remained in charge of the division throughout the year. Mr. Khaja Ghousuddin, Assistant Registrar, Warangal, was on leave from the 1st Shahrewar 1346 F. to the 15th Meher 1346 F., when Mr. Ahmed Ali Khan, Deputy Assistant Registrar, Warangal, officiated as Assistant Registrar and Mr. Khaja Ahmed, Inspector, officiated as Deputy Assistant Registrar, Warangal. He was again on leave from the 21st Isfandar 1347 F. to the 31st Ardibehisht 1347 F. when Mr. Venkat Rao, Deputy Assistant Registrar, Raichur, was appointed to officiate for him.

Mr. Mohd. Sami, Assistant Registrar, Nizamabad, was on leave from the 21st Shahrewar 1346 F. to the 20th Dai 1347 F., when Mr. Venkat Rao, Deputy Assistant Registrar, officiated for him, and Mr. Asadullah, Inspector, Parbhani, officiated as Deputy Assistant Registrar.

Mr. G. D. Mehkari, Personal Assistant, was on leave from the 13th to the 31st Amerdad 1347 F. but no officiating arrangement was made. Mr. Ahmed Ali Khan, Deputy Assistant Registrar, Warangal, took leave from the 1st Isfandar to the 31st Khurdad 1347 F. Officiating arrangement was not found necessary.

Mr. Ashfaq Ali, was on leave from the 17th Shahrewar 1346 F. to the 15th Khurdad 1347 F., when Mr. Taqiuddin, Inspector, Jalna, officiated for him as Deputy Assistant Registrar, Jalna.

The non-gazetted staff consisted of 27 inspectors, 3 relieving inspectors, 15 (10) organisers, 11 side-grade auditors, 33 auditors, 4 relieving auditors and 3 (8) sub-inspectors, in all 96 officers. There was a small increase in the number of organisers owing to the conversion of five posts of sub-inspectors into those of organisers.

The following satement shows the division of work among the Assistant Registrars and the number of days spent by them on tour:—

#### Season.

The average rainfall during the year for the Dominions was 34.89 inches (32"). Adilabad received the highest rainfall of 52.5 inches, while Baghat, Nalgonda and Raichur each received only about 22 inches.

The average outturn of dry as well as wet crops for the Dominions was about 8 annas each as against 9 annas and 8 annas respectively of the previous year.

Kharif was best in Nanded and Parbhani districts with an average of 11 annas, but it was poor in Baghat, Medak, Mahbubnagar, Gulbarga, Osmanabad and Raichur districts with an average yield of 7 annas. The yield of Rabi was practically the same as that of Kharif.

Wet cultivation gave good results in Karimnagar, Adilabad and Nalgonda with an average yield of 11 annas. In the other Telingana districts the average yield was in the neighbourhood of 7 annas only.

The season was on the whole much below normal, while the prices of agricultural commodities did not show any appreciable improvement.

# Summary of Progress.

The Department continued the policy of cautious expansion and registered 298 societies (152). Of these 164 were societies of agricultural credit, 18 of salary

earners, 83 for rural reconstruction, 29 urban banks, one stores, 2 thrift societies of females, and one housing society.

During the year 44 societies were cancelled as against 12 in the previous year, disregistered ones being 17 agricultural credit societies, 18 salary earners' societies, 4 weavers' societies, 4 stores and one implements sale society.

Societies of all types increased in number from 3,119 in 1346 F. to 3,373 in 1347 F. They consisted of the Dominion Bank, the Co-operative Union, 39 Central Banks, 2,693 agricultural credit societies, 612 non-agricultural societies, and 27 non-agricultural societies in the British Administered Areas. There was thus a net increase of 254 societies consisting of 147 agricultural credit societies and 107 non-agricultural societies.

The total membership of societies increased by 15,243 from 1,05,224 to 1,20,467. The largest increase of 9,697 was in membership of non-agricultural societies, while the members of agricultural credit societies rose by 4,140. The working capital of the movement increased by Rs. 9,04,639 from Rs. 2,51,94,081 to Rs. 2,60,98,720. The working capital of societies in the British Administered Areas stood at Rs. 18,98,851 (Rs. 15,32,649).

There was a satisfactory increase in the owned capital which rose by Rs. 10,39,495 from Rs. 1,05,60,573 to Rs. 1,16,00,068.

The share-capital was Rs. 58,72,517 (Rs. 57,31,819) while the reserves stood at Rs. 52,45,762 (Rs. 48,28,754). The proportion of the owned to the working capital was 44.4 per cent. (44 per cent.).

The statement given below shows the comparative figures of the different heads which constitute the working capital.

## Central Co-operative Union.

The number of societies affiliated to the Central Co-operative Union increased from 2,515 to 2,629, while that of individual members decreased from 69 to 49. Subscriptions raised from members amounted to Rs. 8,808 (Rs. 10,403). Government grant-in-aid for the year was Rs. 15,000 as before.

The annual meeting of the Union was held on the 14th Ardibehisht 1347 F. under the distinguished presidentship of Sahabzada Nawab Basalat Jah Bahadur. The All-India Co-operators' Day was celebrated on the 2nd Dai 1347 F. under the presidentship of Mr. Liakatullah Khan, H.C.S., when speeches were delivered by Dewan Bahadur Aravamudu Iyengar and Mr. Abul Hasan Syed Ali.

The educative work of the Union was carried on by 10 (7) propagandists. They toured for 1190 days, gave

lectures and held training classes at 34 centres. In all 643 members of societies attended the classes out of whom 139 passed the test.

Training classes of supervisors were held at Warangal and Gulbarga for about six weeks each. Hundred candidates attended them and of these 32 passed the examination.

Twenty-five village teachers attended the rural reconstruction classes held at the Patancheru Rural Development Centre. So far 107 teachers have been trained at the Centre, with a view to qualify them for rural uplift work in selected villages.

The rural reconstruction scheme which was approved by Government was introduced in all districts and a village in each taluka was selected for intensive treatment. The propagandists employed by the Union continued to give special attention to the group of villages which were entrusted to their care for uplift work.

The supervision of village societies was carried on by a staff of 109 (91) supervisors and 4 sub-inspectors at a cost of Rs. 79,329 (Rs. 68,211). The rates approved in 1346 F. were actually brought into force in 1347 F., and supervision fee was collected at 12 annas (8 annas) per cent. on working capital from societies and 6 annas (4 annas) per cent. from central banks on the amount of loans outstanding with their constituents. The Union has of late been finding it increasingly difficult to balance its supervision budget, as it has to increase the supervisors in order to keep pace with the increase in the number of societies. This state of affairs will continue for some years, for the societies which are newly started take time to build up working capital which regulates their contribution to the supervision charges. It is ten years now since the existing system of supervision under a subsidised scheme was introduced by Government, but so far the Union managed to carry on without asking Government for subsidy which was promised to meet the deficit in its supervision budget. Hereafter it will not be possible for it to square its budget without Government aid, and Government will have to shoulder a part of the financial burden of supervision.

Hyderabad Co-operative Dominion Bank.

The bank received Rs. 8,94,645 (Rs. 9,55,625) fixed deposits from individuals and Rs. 2,36,625 (Rs. 1,88,329) from societies and banks. Amounts received by way of and current deposits were Rs. (Rs. 2,13,315) and Rs. 5,82,755 (Rs. 2,99,217) respectively. Rs. 9,38,042 (Rs. 9,54,761) and Rs. 95,169 (Rs. 1,37,984) were repaid towards fixed deposits to individuals and societies, while repayments made under savings and current accounts amounted to Rs. 2,25,933 (Rs. 1,65,936) and Rs. 5,19,737 (Rs. 3,96,534) respectively. Amounts held in fixed deposits at the end of the year were Rs. 1,02,944 (Rs. 1,06,565) from members, Rs. 14,95,964 (Rs. 15,35,740) from non-members and Rs. 3,99,465 (Rs. 2,58,009) from societies and banks. Rs. 3,26,838 (Rs. 3,32,109) was outstanding under savings deposits and Rs. 1,73,386 (Rs. 1,10,368) under current account deposits. The bank continued to pay 3 and 3½ per cent. on fixed deposits of one and two years respectively.

Loans advanced to banks and societies amounted to Rs. 3,71,224 (Rs. 3,34,622) while recoveries from them amounted to Rs. 5,03,006 (Rs. 4,42,832) leaving Rs. 18,46,399 (Rs. 19,74,385) outstanding at the end of the year.

The bank advanced fresh loans to the extent of Rs. 2,91,263 (Rs. 3,60,317) to Government employees for house-building purpose and recovered Rs. 3,40,270 (Rs. 2,52,753) leaving Rs. 8,44,351 (Rs. 9,83,358) outstanding at the end of the year. This business was allowed by Government to continue on the condition that the total amount outstanding in any one year should not exceed Rs. 10 lakhs.

Interest on loans recovered from banks and societies was Rs. 65,756 (Rs. 1,39,235) while that receivable from them was Rs. 3,58,411 (Rs. 2,87,782). Against this the reserve for interest overdue for a year and over was Rs. 2,51,730 (Rs. 2,13,260). The reserve for bad and doubtful debts increased from Rs. 4,01,561 to Rs. 4,68,561, which is about 25 per cent. (20 per cent.) of the principal amount owed by societies and banks. The lending rate remained the same as in last year at 6 per cent.

The paid up share-capital of the Bank was Rs. 5,07,405 (Rs. 5,04,755), while its reserves amounted to Rs. 10,20,489 (Rs. 9,07,229). Thus the owned capital of the Bank which stood at Rs. 15,27,894 compared very favourably with its outside liabilities which amounted to Rs. 26,92,049 (Rs. 25,20,682). Out of the profit of the year Rs. 91,044 (Rs. 1,09,210) Rs. 45,000 was carried to the reserve for doubtful debts and a dividend of 6 per cent. was declared out of the remaining divisible amount. Action was initiated under orders of Government to get shares held by individual members in excess of Rs. 3,000 transferred according to the bylaws of the Bank to central banks, in order that the latter might be in a position to influence its policy and make it more responsive to the requirements of the movement.

The Bank owes its strong financial position to the able guidance of its President Dewan Bahadur Aravamudu Iyengar and his colleagues on the Board of Directors.

#### Central Banks.

The number of central banks remained the same as in last year at 39, but their membership increased from 4420 to 4506 and the working capital went up to Rs. 64,35,935 (Rs. 63,95,687). The amount of paid up shares rose from Rs. 11,16,892 to Rs. 11,36,613 while reserves increased from Rs. 12,03,505 to Rs. 12,52,776.

The following statement compares their working capital for the last two years:—

	Амо	OUNT	DIFFE	RENCE

The banks received Rs. 9,95,324 (Rs. 9,35,099) in deposits from individuals and Rs. 3,58,789 (Rs. 3,01,600) from societies and repaid Rs. 9,51,156 (Rs. 9,76,973) and Rs. 2,91,677 (Rs. 2,48,838) to them respectively. Deposits held from individuals and societies at the end of the year were Rs. 20,39,557 (Rs. 20,03,935) and Rs. 4,46,303 (Rs. 3,78,925).

Loans borrowed from the Dominion Bank during the year amounted to Rs. 2,24,250 (Rs. 2,82,757), while Rs. 3,26,447 (Rs. 3,66,783) was repaid leaving a balance of Rs. 14,25,185 (Rs. 15,27,382) outstanding at the end of the year.

Loans advanced to societies during the year amounted to Rs. 9,23,280 (Rs. 6,95,026) while amounts recovered were Rs. 7,65,526 (Rs. 7,92,289) leaving a balance outstanding of Rs. 46,44,183 (Rs. 45,95,757).

Interest received on loans amounted to Rs. 3,02,198 (Rs. 3,46,810), while that paid to creditors was Rs. 1,06,298 (Rs. 1,91,800) leaving Rs. 10,83,471 (Rs. 10,74,707) outstanding with debtors and Rs. 4,05,775 (Rs. 3,21,514) payable to creditors.

The liabilities of central banks amounted to Rs. 40½ lakhs (Rs. 40¾ lakhs) principal and Rs. 4 lakhs (Rs. 3¼ lakhs) interest, in all Rs. 44½ lakhs. Against this their assets recoverable from debtors amounted to Rs. 57¼ lakhs (Rs. 56¾ lakhs)—Rs. 46½ lakhs being principal and Rs. 10¾ lakhs interest. Besides, the cash in hand was Rs. 3½ lakhs (Rs. 4 lakhs) with about Rs. 8¾ lakhs (Rs. 7½ lakhs) in investments, which together with the loans outstanding amounted to about Rs. 69½ lakhs. There was thus a margin of Rs. 25 lakhs to cover bad and doubtful debts out of their owned resources.

### AGRICULTURAL CREDIT SOCIETIES.

During the year, 164 societies were registered and 17 cancelled, bringing the total number to 2693 (2546). Village societies are much in demand owing to restricted credit which has resulted from the enactment of debt relief legislation. It takes a great deal of scrutiny and preparation before a society is started, and with a very limited number of organisers the expansion of the movement in rural areas is necessarily slow. Proposals have

been submitted to Government for the appointment of organisers in a progressively increasing number, so that the objective of having an organiser for each taluka may be realised within a period of five years. Along with the organization of new societies the departmental staff carried on educative propaganda with a view to enlist new members in existing societies. As a result the total membership increased from 52,241 to 56,561. The largest number of new societies totalling 40 was started in Karimnagar, followed by 21 societies in Raichur, 18 in Mahbubnagar, 16 in Nizamabad, 11 in Asifabad, 10 each in Osmanabad and Beed and 38 in other districts.

The working capital of societies rose from Rs. 81,93,340 to Rs. 83,44,735. Outside liabilities in loans stood at Rs. 43,06,650 (Rs. 42,97,694) against which the owned capital was Rs. 40,38,085 (Rs. 38,95,646) and was made up of Rs. 16,52,168 paid up shares, Rs. 2,19,548 members' deposits and Rs. 21,66,369 reserves. In the older societies which have outgrown the early period of first ten years, members are required to make annual deposits at the rate of at least one rupee for every Rs. 25 paid as land revenue, so that they may not forget the essential object of their societies which are primarily intended to teach thrift. This is further emphasised by the change effected in the name of societies which are now called village thrift and credit co-operative societies. It is always impressed on villagers that societies are not intended so much for advancing loans as to make them circumspect in expenditure and show them the way to keep on saving something from their earnings in order that the accumulated reserves may be sufficient to meet their requirements for agricultural purposes.

The proportion of the owned capital to the total working capital was 48 per cent. which is generally speaking satisfactory in view of the very small margin of profit of ten annas per cent. available for building up reserves.

The following statement compares the working capital for the last two years:—

	Амо	DUNT	DIFFE	RENCE

The societies borrowed Rs. 5,35,233 (Rs. 3,84,563) central banks and repaid Rs. (Rs. 5,12,471) principal and Rs. 2,87,747 (Rs. 3,25,073) They were left indebted at the end of the year to the extent of Rs. 43,06,650 (Rs. 42,97,694) principal and Rs. 10,72,441 (Rs. 10,63,583) interest. The repayments under principal showed a slight improvement with a corresponding deterioration in interest. This was on account of the fact that in the case of most of the older societies, repayments made by them were credited to the principal loan account, while interest was recovered only to the extent of the accrued amount. The same concession was in turn extended by societies to members.

Loans advanced to members during the year amounted to Rs. 6,46,181 (Rs. 4,66,385) while cash collections made from them amounted to Rs. 5,91,775 (Rs. 5,84,188) principal and Rs. 3,87,733 (Rs. 4,30,438) interest, leaving amounts outstanding at the end of the year of Rs. 56,96,746 (Rs. 56,68,729) principal and Rs. 24,94,527 (Rs. 24,41,519) interest. With the exception of societies under the central banks of Sangareddy, Medak, Bidar, Nalgonda, Suryapet, Mahbubnagar,

Tandur and Chinnur, which were financially weaker than last year, those under other banks were on the whole in a satisfactory condition.

#### NON-AGRICULTURAL SOCIETIES.

134 new societies were registered and 27 cancelled during the year. The total number of non-agricultural societies rose from 505 to 612, their membership went up from 34,103 to 43,800 and the working capital increased from Rs. 47,62,368 to Rs. 51,13,925. The owned capital improved from Rs. 31,56,206 to Rs. 33,82,459, paid up shares being Rs. 25,76,331 and reserves Rs. 8,06,128. The proportion of the owned to the working capital was 66 per cent.

The working capital of the last two years compares as follows:—

	Аме	OUNT	DIFFE	RENCE

The societies borrowed Rs. 2,43,973 (Rs. 1,78,809) from central banks and repaid Rs. 2,43,870 (Rs. 2,21,701) in principal and Rs. 37,331 (Rs. 54,981) in interest. Rs. 5,44,702 (Rs. 5,44,804) principal and Rs. 54,204 (Rs. 52,381) interest were outstanding with them at the end of the year.

Loans advanced to members during the year amounted to Rs. 28,66,857 (Rs. 29,19,134) while

collections totalled Rs. 33,38,429 (Rs. 33,50,372) leaving Rs. 40,92,176 (Rs. 38,67,892) principal and Rs. 3,61,140 (Rs. 3,23,220) interest outstanding at the end of the year.

Salary Earners' Co-operative Societies.

18 new societies came into existence and an equal number was cancelled. The total number thus remained the same as before at 260. Their membership however increased to 17,030 (15,821) and their working capital was Rs. 33,24,646 (Rs. 32,47,767). The owned capital was Rs. 25,66,016 (Rs. 24,90,115). They borrowed Rs. 1,87,337 (Rs. 1,12,908) from central banks and repaid to them Rs. 2,00,538 (Rs. 1,32,834) in principal and Rs. 20,261 (Rs. 36,763) in interest leaving a balance outstanding of Rs. 2,52,773 (Rs. 2,66,169) principal and Rs. 12,527 (Rs. 11,541) interest at the end of the year.

Loans amounting to Rs. 21,63,647 (Rs. 21,49,884) were advanced to members, while collections from them amounted to Rs. 20,30,015 (Rs. 19,74,654) principal, Rs. 1,40,505 (Rs. 1,97,706) interest and Rs. 4,03,575 (Rs. 3,85,968) shares, a total of Rs. 25,74,095 (Rs. 25,58,329).

Amounts receivable from members at the end of the year were Rs. 28,94,569 (Rs. 28,12,050) principal and Rs. 1,88,982 (Rs. 1,81,638) interest.

The proportion of the owned capital to the total working capital was 77 per cent. as against 76 per cent. of last year.

## Urban Banks.

During the year 29 new urban banks were registered bringing their total number to 109 (80). Their membership increased from 10,242 to 13,497 and the working capital went up from Rs. 9,43,191 to Rs. 10,75,649. The owned capital was Rs. 4,32,303 (Rs. 3,54,622) or about 42 per cent. of the working capital. Paid up shares totalled Rs. 3,57,609 (Rs. 3,07,285) and the reserves amounted to Rs. 74,694 (Rs. 46,837).

They borrowed Rs. 44,227 (Rs. 53,207) from central banks and repaid to them Rs. 47,651 (Rs. 76,628) leaving Rs. 1,84,452 (Rs. 1,71,683) principal and Rs. 4,182 (Rs. 5,592) interest outstanding at the end of the year.

Loans advanced to members during the year totalled Rs. 4,93,055 (Rs. 5,27,005). Collections from them amounted to Rs. 3,57,718 (Rs. 3,49,074) in principal, Rs. 72,794 (Rs. 58,177) in interest and Rs. 77,188 (Rs. 87,703) in shares. Loans due by members at the end of the year stood at Rs. 9,49,906 (Rs. 8,01,541) principal and Rs. 72,769 (Rs. 52,989) interest.

It is hoped that very soon every taluka in the Diwani jurisdiction will have an urban bank of its own. After covering these areas steps will be taken to organise rural banks in villages with a population of 2000 and over, so as to provide facilities both for credit and the marketing of produce of villages in their immediate neighbourhood.

#### Sale Societies.

The number of sale societies, which mostly deal in cotton, remained at 8 as before with a membership of 766 (793) and working capital of Rs. 48,491 (Rs. 54,004). Loans advanced to members during the year amounted to Rs. 1,75,951 (Rs. 1,77,543) while recoveries from them aggregated to Rs. 1,83,823 (Rs. 1,82,807) leaving Rs. 29,394 (Rs. 25,230) principal and Rs. 3,510 (Rs. 2,197) interest—a total of Rs. 32,904 (Rs. 27,427) outstanding at the end of the year.

Among societies which deal in agricultural produce the Gulbarga Sale Society continued to do well. Produce worth Rs. 66,330 was brought to the society, out of which produce valued at Rs. 41,682 was sold. Loans to the extent of Rs. 21,018 on the pledge of agricultural produce valued at Rs. 35,366 were advanced during the year, while repayments amounted to Rs. 25,744 leaving Rs. 17,487 principal and Rs. 747 interest outstanding at the end of the year.

## Co-operative Insurance Society.

The society completed its third year and enrolled 502 new members. 505 proposals were accepted assuring a sum of Rs. 4,98,744. The total number of policy holders was 835 and the sum assured was Rs. 8,99,548. The premia collected totalled Rs. 33,486 out of which Rs. 6,801 being  $33\frac{1}{3}$  per cent. of the first year's premia

and Rs. 11,446 being 87½ per cent. of renewals were carried to the Life Assurance Fund bringing the total under this head to Rs. 27,524. The amount of claim paid owing to the death of a policy holder was Rs. 500. The society earned a net profit of Rs. 1,546 and declared a dividend of 4 per cent. on paid up shares.

Out of 505 proposals, 154 were from the rural areas. Efforts are being made to develop the rural side of the society's business. However, the progress made during the short period shows that the society has good possibilities of expanding its business in the State.

It owes its success to the enthusiastic Honorary Secretary, Mr. L. N. Gupta, H.C.S., and the close attention given to its working by directors like Prof. Kishenchand and Mr. Dilsukh Ram.

# Mallapalli Housing Society.

The scheme of housing societies for low-paid Government employees financed by Government loans repayable in 15 years was graciously sanctioned by His Exalted Highness some years ago. The Mallapally Housing Society was the outcome of this scheme and was registered on 29-9-1343 F. on the tenant-ownership system. Its membership was limited to the class of employees drawing salaries ranging from Rs. 50 to Rs. 275 per month. Government loan to the extent of twenty times the salaries of members was issued at 6 per cent. per annum interest on the condition that members should pay 20 per cent. of the amount of loan by way of shares.

Sixty-one applications were accepted while many more had to be rejected as there was not sufficient land available for building purposes. Houses could however be built for only 31 members. The society acquired a plot of land in Mallapally measuring 18,626 sq. yards from the City Improvement Board at a cost of Re. 1-4-0 per sq. yard. Thirty-one houses of different designs were constructed under the supervision of the society at a total cost of Rs. 1,50,056.

Rs. 18,476 was paid by members towards shares and a loan of only Rs. 73,904 was granted by Government. The loan obtained from Government has to be repaid in 180 equal monthly instalments, and the recoveries from members amount to Rs. 918 per month.

Government has very kindly sanctioned a grant of Rs. 7,000 for the construction of a pavilion for the society which will be used by its members as a club and meeting hall. Its construction will shortly be started by the Superintending Engineer, City Improvement Board.

There is a considerable demand for housing societies from Government employees of the lower middle class, but it is difficult to meet it because suitable plots of land are not available at convenient centres for building purposes.

#### Arbitration.

666 (449) applications were received during the year for arbitration from 86 (154) societies. Inclusive of this the number of applicant societies went up to 1.760 (1,674) and that of defaulting members to 10,519 (9.853).amounting Awards to Rs. 2,34,481 (Rs. 3,02,401) were taken out against 361 (532) members. The total number of awards went up to 8,381 (8,020) and the sum involved was Rs. 51.51.290(Rs. 49,16,809). Recoveries from defaulters amounted to only Rs. 2,77,786 as against Rs. 3,34,825 of last year bringing the total amount realised so far in execution of awards to Rs. 21,27,018 (Rs. 18,49,232).

The following statement indicates the position with regard to arbitration in each district:—

The progress made in the execution of awards is still far from satisfactory. Government is considering the alternative proposals of authorising the Registrar to execute awards through his subordinates as in the case of Madras, and of appointing Special Revenue Officers as in Bombay, in order to expedite execution and make arbitration a really effective measure for improving the working of societies.

# Liquidation.

44 societies were cancelled during the year, of which 17 were agricultural credit societies, 18 salary earners' societies, 4 weavers' societies, 4 stores and one implements sale society. There were in all 85 (80) agricultural and 40 (40) non-agricultural societies indebted to central banks at the end of the year. Collections made from them amounted to only Rs. 11,707 (Rs. 17,494). The amount of bank loans outstanding at the end of the year was Rs. 2,56,469 (Rs. 2,65,188) principal and Rs. 1,83,106 (Rs. 1,88,271) interest.

The following statement gives the figures relating to liquidated societies in each district:—

The execution of orders of liquidator through Civil Courts has proved more dilatory than the execution of awards through the revenue agency. An amendment to the Co-operative Societies Act has been proposed and is now before the Legislative Council. It is intended to give the Registrar the discretion to get orders of liquidator executed through civil or revenue courts.

#### AUDIT.

There were 2,529 (2,431) agricultural and 480 (467) non-agricultural societies to be audited during the year. Out of these 2,523 (2,395) agricultural and 480 (401) non-agricultural societies were audited leaving only 6 (36) agricultural societies which could not be audited.

The audit classification of societies was as follows:—

#### PAIGAHS.

Two (8) new societies were registered bringing the total number to 73 (71). The Union is indebted to Capt. Napier, President and Mr. Suryanarayan Rao, Honorary Secretary for the satisfactory work done during the year.

## CONCLUSION.

The policy pursued by central banks of controlled credit and of restricting it to crop-loans has had a sobering effect on the movement. Villagers have begun to realise that they should not expect their societies to finance each and every requirement irrespective of the fact whether it is intended for productive or non-productive purpose. As a result many an old society is gradually recovering from the difficulties into which it had fallen owing to the heavy debts of its members. The correct preparation of hysiat statements, the scrutiny exercised by the Registrar and his Assistants on the

borrowing and repaying capacities of individual members and the inculcation of thrift have tended to rectify the mistakes of the past and helped in giving a new orientation to the general working of village societies.

There is an increased demand for societies in rural areas in spite of the definite knowledge of the limitations under which they can come to the assistance of the ordinary cultivator. The legislation passed recently by Government for the control and relief of rural indebtedness has had a salutary effect on the monied transactions of the rural area, and demonstrated both to the borrower and the lender in the village community the essential soundness of the principles followed by cooperative banking. The future will therefore witness a comparatively rapid development of the movement both on the credit and non-credit sides, and it is hoped that the money-lending and propertied classes will take an intelligent interest in the working of village societies which are being registered with limited liability as rural banks. The success of rural banks will in turn tend to promote the development of co-operative marketing which at present is receiving the special attention of the Department.

In the end I beg to bring to the notice of Government the names of official and non-official co-operators whose help has been of material benefit to the movement.
